Let Me Google That For You (LMGTFY)!

Project Title	Let Me Google That For You (LMGTFY)!
Project Summary	Reorganization projects with Google Site, Google Forms/Sheets, & Google Wiki development for our team which services many other divisions and business units spanning GSA. Our team is the Information System Security Officer (ISSO) Division with the Office of the Chief Information Security Officer.
Country	United States

Project Description

Our division has a need for a creative, entrepreneurial, and innovative individual who can assist our leadership team with some Google Site, Google Forms/Sheets, & Google Wiki consolidation. Someone who can help organize and develop, to include workflow process integration, in addition to some light project management assistance, would be ideal to make this project a success. So, if you fit the bill with all of the above, we'd be happy to have you!
